NUMBER 250.

PROBING THE FRAUDS

Grand Jury at St. Louis Take Up Consideration of Light Scandal.

LIST OF WITNESSES SUMMONED.

Charles Kratz, Indicted For Bribery In Connection With Suburban Railway Franchises, Is Supposed to Be In Mexico.

St. Louis, Sept. 12.—William Tamblin, former member of the house of delegates, who was indicted Monday on two charges of bribery in connection with the passage of the city lighting bill in February, 1899, was brought back from Cleveland, where he had been for two years. He is one of the members of the alleged combine that J. K. Murrell laid bare on his confession to the grand jury after his return from Mexico. Tamblin, in the custody of Detective Williams, was taken to jail and locked up pending an attempt to secure bail.

The grand jury reconvened and took up the consideration of the lighting scandal of the last municipal assembly. The foreign members of the council that passed the measure in question were summoned to testify before the grand jury: E. F. W. Meier, president; W. H. Horton, C. E. Carroll, H. Gauss, Jr., P. Gast, C. H. Thuner, C. Wiggins, W. R. Hodges, A. Hoffman, E. E. Meynsberg, E. Richards and L. Schnell.

Charles Kratz, a member of that body, is supposed to be in Mexico, where he fled after being indicted on the charge of bribery in connection with the suburban street railway legislation. It has been reported that Kratz has been seen in the city during the past day or two, but this could not be verified.

R. E. McMath, former president of the board of public improvements, has also been summoned to appear before the body and disclose such facts concerning the transactions as he has in his possession, and which, it is claimed, will be of material benefit to the inquirers in fastening the crime of boodling upon certain members of the combine. Mr. McMath has already made some startling statements to the public. Charles Kratz was a member of the combine at the time the bill was passed, Oct. 27, 1899. The vote on the bill was as follows: Ayes—Carroll, Gast, Gauss, Hodges, Horton, Kratz, Thuner, Wiggins and President Meyer. Noes—Hoffmann, Meynsberg and Schnell. Absent—Richards.

No charge of complicity is attached to Hodges, Horton or Wiggins, and they are subpoenaed simply to tell what they know of the transaction.

Following a conference with Judge Sherwood of the supreme court at Springfield, Mo., Wednesday, Judge Chester H. Krum has decided to withdraw the application for a writ of habeas corpus made to secure the release of those imprisoned on boodle charges. It was found that such a proceeding would first have to be filed by some judge having jurisdiction to try the case. The first four indicted men under arrest claim that their bond has been made excessive and the habeas corpus proceedings were based chiefly on this point.

Impersonated Express Employees.

New York, Sept. 12.—City detectives have arrested three men on the charge of impersonating express company employees. It is alleged the prisoners have been operating nearly a year and have secured property valued at \$25,000. Simple in the extreme, the methods of the swindlers seldom failed of success. One of them formerly worked for an express company. He is supposed to have hit upon the plan of sustaining himself without work. With two partners, he obtained hat plates and properly clothed and armed with a shipping book, walked about town until an express call card was seen hanging before a store. There was no difficulty then in obtaining the package of merchandise which was to be shipped.

Austrian Prince Indicted.

London, Sept. 12.—The grand jury in the Old Bailey returned a true bill against Prince Francis Joseph of Braganza, a lieutenant in the Seventh Austrian hussars, and who was a member of the Austro-Hungarian mission to the coronation of King Edward, charged with misconduct, under the criminal law amendment. Sir Edward Clarke, the former solicitor general, defended the prince. The prosecutor altered the charge from "felony" to "misconduct under the criminal law amendment." Sir Edward intimated that the defense would be conspiracy to rob and blackmail.

SENATE PASSES BILL.

Measure to Remedy Royer Act Relating to Supreme Court.

Columbus, O., Sept. 12.—The senate spent the session in the consideration of the Royer bill, which was introduced at the beginning of the special session by the Tiffin senator, and after voting down three amendments, one fixing a \$300 limitation on cases which may be appealed to the supreme court, a second fixing a \$200 limitation, and a third making the law apply to cases hereafter passed upon by circuit courts, the bill was passed as introduced. The bill as passed does what Mr. Royer intended the act of last winter should do, namely, remove the \$300 limitation which was placed upon the jurisdiction of the supreme court by the act of 1898. In other words, the Royer bill restores the law which existed previous to 1898.

The action taken by the senate is not in accordance with the suggestion contained in the governor's message, namely, that the law of 1898 should be re-enacted, but removes the limitation, and instead of lessening the supreme court's jurisdiction, which was the effect of the so-called Royer act of last winter, the jurisdiction of the court is widened by the removal of the property limitation, as was the intent of the measure passed at the regular session.

Progress has been made by the senate in its consideration of the code. Most of the sections conferring general and special powers upon municipalities and of those covering the subjects of taxation and assessments were approved. The many amendments accepted by the committee of the whole are not vital. While it is true that the sections which have given rise to the most argument have not yet been considered, it seems probable that the bill will be passed by the senate Wednesday or Thursday of next week. The real fight will come in the conference committee.

The Guerin code was the chief subject under discussion by the special committee of the house of representatives. Mr. Guerin occupied the floor of the committee during the greater part of the session, explaining the provisions of his idea of municipal government and answering questions as to the probable difference of the effect of his code and that which bears the name of the governor.

After a delegation was received from Springfield to discuss the hospital board question, Mr. Guerin was again recognized and he opened a discussion to his amendment which provides for compulsory arbitration.

Dr. Washington Gladden discussed the code bill.

Will Lead For War.

San Francisco, Sept. 12.—The steamer Jessie Banning, under charter of the Colombian government as a gunboat, is to take on her armament in this port, and the vessel will sail south with a large cargo of arms and ammunition for the South American republic's use in fighting the rebels. Collector Stratton says that in the absence of any instructions to the contrary from the officials at Washington, the Jessie Banning will be allowed to land and to take on the munitions of war now lying at the wharf. The Colombian insurgents have not been recognized by this government.

Suicide of a Chaplain.

Washington, Sept. 12.—The secretary of the navy received a telegram from Rear Admiral Johnson, commanding the Boston navy yard, saying that Chaplain William F. Morrison committed suicide by shooting himself at the naval hospital at Chelsea. Chaplain Morrison was recently attached to cruiser Olympia, which participated in the combined army and navy maneuvers, and is now at Boston undergoing repairs. He was a native of Maryland, and was appointed chaplain in the navy in May, 1881.

Inhabitants of Mars.

Chicago, Sept. 12.—That a people superior in intelligence to those of the earth inhabit the planet Mars is a conclusion that will be set forth by Professor G. W. Hough, head of the department of astronomy of Northwestern university, in a report which he is compiling of his summer's observations from the Dearborn observatory. He asserts this as a probability based on recent discoveries, and adds that of course it may never be established positively.

Gaston Wins.

Boston, Sept. 12.—Belated returns from the Democratic primaries throughout the state indicate that Colonel William A. Gaston defeated Charles S. Hamlin, formerly assistant secretary of the treasury, in the contest for the gubernatorial nomination by a substantial vote.

The life of Circuit Attorney Falk, who is prosecuting the St. Louis bootleggers, has been threatened.

URGE EXTRA SESSION.

Delegation of Hazleton Citizens Appear Before Governor Stone.

COMPULSORY ARBITRATION LAW.

Better Control of Foreign Corporations Doing Business in the State of Pennsylvania Is Urged.

Harrisburg, Pa., Sept. 12.—The conference committee of the People's Alliance, appointed at their convention at Hazleton last week, appeared before Governor Stone and submitted a plan for effecting a settlement of the anthracite coal strike. Their plan consists of calling an extra session of the legislature to enact laws for compulsory arbitration, better control of foreign corporations doing business in Pennsylvania and enforcing the Sixteenth and Seventeenth articles of the constitution.

Daniel J. McCarthy of Hazleton said the alliance represented the business people of hard coal districts, and that its purpose was to secure a settlement of the strike. There was no sign of a settlement, and the only hope of bringing about an end to the strike is an extra session of the legislature for the enactment of the legislation that will end the present strike and prevent strikes in the future.

McCarthy suggested that if any extra session is held some action should be taken to curb the great foreign corporation which ruined business in Pennsylvania. He attacked the beef trust, the steel trust and other large corporations, because of the alleged high prices which they charge for their products.

No Concessions.

Tamaqua, Pa., Sept. 12.—The Lehigh Coal and Navigation company claims that more of the striking men have returned to work. No troops were sent out from Manilla park. Although a number of striking men gathered on the streets, the nonunion men were not interfered with. Officials of the Lehigh Coal and Navigation company, the Philadelphia and Reading Coal and Iron company and the Pennsylvania Coal company ridicule the idea of concessions being granted the striking miners. They say that if a settlement is made it must be on the basis of an unconditional surrender on the part of the strikers.

Return of Mitchell.

Wilkesbarre, Pa., Sept. 12.—President Mitchell returned from Harvey's Lake. He stated that he had no knowledge as to what matters are to be discussed at the meeting with Governor Stone in Harrisburg on Saturday. He thought the visit of the governor to New York would be discussed, but beyond that he did not know what the governor would have to say.

Large Railroad Union.

San Francisco, Sept. 12.—The largest and most far reaching union in the history of railroads has been recently formed by the railroad conductors and brakemen on roads operating west of Chicago. The men are dissatisfied with the present rate of wages, and will in the immediate future make a demand for an increase of salaries of 20 per cent. This union will make a test case on one of the roads. The organization was perfected last June in Kansas City, and W. V. Stafford, a passenger conductor of the Southern Pacific residing at Oakland, was elected its executive head. Manager James Adler of the Southern Pacific stated that he was fully aware that the organization would be perfected, but he refused to discuss the subject.

Teller or Wolcott?

Denver, Sept. 12.—The principal issue in the coming election in Colorado is the United States senatorship, and it is already apparent that the contest is distinctly between Henry M. Teller and Edward O. Wolcott. The Democratic and Populist members of the legislature are pledged by the state convention of their parties to vote for the re-election of Senator Teller. There appears to be little or no opposition to Wolcott in the Republican party, and should a Republican majority be elected to the legislature the ex-senator can step into the shoes of his former colleague. The Republican state convention will meet in this city for the purpose of nominating a full state ticket and congressman-at-large.

Treasures On Shipboard.

San Francisco, Sept. 12.—The Hongkong Maru, which sails for the Orient, will carry in her treasure room more than \$500,000 in treasures. Some of this is in the form of Mexican dollars, but the majority of the shipment consists of bars.

TWO WARSHIPS

Are Ordered to Panama by Secretary of the Navy.

Washington, Sept. 12.—Secretary Moody telegraphed to the commanders of the battleship Wisconsin, now at Bremerton, and the cruiser Cincinnati, at Cape Haitien, directing them to proceed as soon as possible to the isthmus of Panama, the Wisconsin reinforcing the Ranger at Panama and the Cincinnati taking station at Colon.

It will take the Wisconsin fully 20 days to make the long trip of over 4,050 miles down the Pacific coast to Panama. The navy department had intended to send the Boston, which is now getting ready for service at San Francisco, to relieve or reinforce the Ranger, but the alarming situation which has so quickly arisen on the isthmus prompted the officials to take more extensive measures to increase the naval representation of the United States in that section. The Cincinnati will only consume a few days of her trip across from Cape Haitien, so that by the beginning of next week she should have reached the other terminal of the Panama railroad. The destruction of Admiral Killick's flagship swept away the entire naval force of Haiti, and naval officials believe that the Cincinnati can relinquish her post there with safety.

Investigation Demanded.

San Francisco, Sept. 12.—At a special meeting of the executive council of the Catholic Truth society it was unanimously resolved to send a dispatch to President Roosevelt regarding the ecclesiastical property and the objects of Catholic veneration discovered on the United States army transport Buford. The dispatch, which was signed by Philip O'Ryan, spiritual director of the society, requests "an immediate and thorough investigation as to the original ownership and nature of this property and the manner in which it came into the possession of the United States army officers. If investigation shows that it is church loot, we ask that it be immediately returned to the true owners, and that the officers in whose possession it was found, be summarily dealt with according to army regulations."

Reception to Neighbors.

Oyster Bay, N. Y., Sept. 12.—Arrangements have about been completed for the reception which President Roosevelt will tender to the citizens of Nassau county on Sept. 15. Two presidential salutes will be fired by the Hicksville battery, one when the reception begins and another at its close. It is probable that between 10,000 and 12,000 people will attend and Sheriff Johnson of Nassau county will swear in 300 deputy sheriffs, whose duty it will be to keep the crowd at Sagamore Hill moving during the hours of the reception. The president will receive his neighbors on the porch of his house.

Kruger's Autobiography.

London, Sept. 12.—Former President Kruger's autobiography, soon to be published, will be a volume containing 100,000 words. The book contains the story of Mr. Kruger's life from childhood to the negotiations of peace. The manuscript of the work received here brings the narrative down to the Jameson raid, and the remainder will include the story of the negotiations with Mr. Chamberlain, an account of the war until Mr. Kruger's departure from the Transvaal.

Iowa Aground.

Rio Janeiro, Brazil, Sept. 12.—The United States battleship Iowa has run aground near Cape Nossa San Hora Do Desterro, and the island of Milo. The Iowa has just finished target practice and was returning to Friar's island. The Brazilian minister of marine has ordered a warship to go to the aid of the Iowa. Cape Nossa San Hora Do Desterro is on the island of Santa Catharina, 480 miles southwest of Rio Janeiro.

Odd Fellow Delegates.

Baltimore, Sept. 12.—A special car containing delegates from Baltimore, Philadelphia, Washington, Wilmington and Cumberland to the eighty-seventh annual national convention of Odd Fellows, at Des Moines, Ia., left over the Baltimore and Ohio. The party is scheduled to arrive in Des Moines Saturday morning.

Marconi's Claim.

Rome, Sept. 12.—Marconi, in an interview published here, declares he has completely solved the problem of sending wireless messages over a distance of more than 1,500 miles, and that he is confident that communication between Europe and America will be established in the immediate future. He is to visit King Emmanuel at Ragconigl, Piedmont, Sept. 14.

A WIDOW IS INDICTED.

She Is Accused of Secreting a Portion of Her Husband's Estate.

PRESIDENT OF LOUISIANA LOTTERY.

After Eleven Years Have Elapsed, Mrs. Dauphin's Alleged Misdoings Are Unearthed and She Is Called to Account.

New Orleans, Sept. 12.—The grand jury has returned an indictment against Mrs. Rosa La Branche Dauphin, widow of Maximilian Dauphin, for many years president of the Louisiana State lottery. The action was not made public immediately in order to enable the district attorney to get the necessary requisition papers from Governor Heard and arrest Mrs. Dauphin, who is said to be ill in or near New York.

Dauphin, who was president of the Louisiana Lottery company, died in 1891. His estate was inventoried at \$100,000, his widow and a friend being executors. There were other heirs, including Dauphin's mother. The estate was settled up, the heirs were paid their share, and the widow and legatee came into possession of the rest of the property.

Eleven years after the settlement among the effects of Judge Porche, who had been Mrs. Dauphin's lawyer in the previous case, an old, badly worn paper was found giving a list of a large number of bonds, which apparently formed part of the Dauphin estate, but which had not figured in the inventory.

Mrs. Dauphin was called on to explain. She failed to appear before a Louisiana court, but piece by piece the trouble buried for 11 years was brought to light. Dauphin had kept his money and securities in a box in his room, and was a much wealthier man than many supposed. From that box his widow, it is charged, had stolen from the estate and secreted \$214,000 in securities and \$40,000 in cash. In order to cover up her work, she sold the bonds, invested the money in new securities, so that no trace could be found of it. She kept no bank account, and frequently had \$100,000 on her person in \$1,000 bills.

Judge Lazarus, counsel for the heirs, succeeded in tracing every bond for more than 12 years. The court awarded judgment against Mrs. Dauphin for \$388,066, the entire amount with interest. Her home here was seized only to find that she had removed everything and left.

The Andrews Case.

Detroit, Sept. 12.—The motion for a new trial for Frank C. Andrews, former vice president of the wrecked City Savings bank, who has been convicted of misapplying and misappropriating the funds of the institution, was taken up by Judge Murphy in the recorder's court. The motion is principally based on the alleged prejudice and unfitness of Juror Bock, who is alleged in affidavits filed by several persons to have expressed strong opinions against Andrews. Riley Tilton, the first witness, testified that Bock had said to him: "If I get on the Andrews jury and have a chance, I will send Andrews up."

For Running Races.

Lexington, Ky., Sept. 12.—The historic Kentucky association race course has been sold by Charles Green of St. Louis to J. J. Douglass of Louisville, Ky., for \$40,000. With Douglass are associated other well known turfmen, by whom a new race association will be organized for Kentucky, and the old trotting track at Louisville, Oakley track at Cincinnati and Lexington track will be turned into a circuit for running races. It is the purpose of the new owners to hold spring and fall race meetings each year, opening in Lexington next spring.

To Prepare Philippine Exhibit.

St. Louis, Sept. 12.—Dr. Gustave Niederlein, special commissioner of the Philippines government for the preparation of the Philippine exhibit at the Louisiana Purchase exposition, reached St. Louis and visited the Worlds fair grounds. Dr. Niederlein is being sent to Manila by the war department to supervise the preparation of the exhibit from the Philippine islands. He will leave for San Francisco carrying with him photographs of the grounds allotted to the Philippine islands, taken by the exposition photographer under his direction.

Death of Rev. Scully.

Cambridge, Mass., Sept. 12.—The Rev. Thomas Scully, who was well known throughout the country as a temperance advocate, died here.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
 Proprietors.
 One month..... 25 | Three months..... 75
 Six months..... \$1 50 | One year..... \$3 00

FRIDAY, SEPTEMBER 12, 1902.

THE WEATHER RECORD.

[For the 24 hours ending at 6:30 a. m.]
 State of weather.....Clear
 Highest temperature.....86
 Lowest temperature.....52
 Mean temperature.....69
 Wind direction.....Northeasterly
 Precipitation (inches) rain......00
 Previously reported for September.....1.16
 Total for September to date.....1.16
 Sept. 12th, 9:46 a. m.—Rain in the east, fair in the west portion to night. Cooler, with probably light frost, Saturday fair, continued cool.

DEMOCRATIC TICKET.

For Congress,
JAMES N. KEHOE,
 of Mason.
 For Judge of the Court of Appeals,
THOMAS H. PAYNTER,
 of Greenup.

HANNA'S LATEST.

Considering the near view of the coal trust he has had as Chairman of the Civic Federation, it is astounding that Senator Hanna should have the audacity to make himself responsible for this statement:

"When you talk about organized capital in this country forming monopolies, you talk nonsense. There are no monopolies in this country except such as are protected by patents."

In the Presidential campaign of 1900, Mr. Hanna announced that there were no trusts. Now, in the same spirit of quibbling, he tells us that there are no monopolies except those for which the patent office is responsible.

This refusal to admit facts that are within the knowledge of everybody would be more worthy of a police court pettifogger than of a Senator of the United States, who is second to none in his influence in shaping the policies of the Republican party.

The trusts are monopolies. It is in order to create monopolies that trusts are formed, and it is for the purpose of protecting their monopolies that the trusts go into politics and procure the kind of legislation they want.

Senator Hanna's statement is an audacious denial of facts known to himself and to the whole people of the United States.

GOOD DEMOCRATIC DOCTRINE BY A REPUBLICAN.

Commenting on the utterances of Gov. Odell, of New York, on the tariff question, the Baltimore American, a Republican newspaper, indulges in the following, which is as good Democratic doctrine as if it had come from a Democratic source:

When he takes a stand against the abolition of those tariffs which are for trusts only, he commits himself to a line of thought and policy which is wholly untenable and which is coming to be so regarded by the American people.

Continuing in the same strain, the American says of the tariff on trust-made products: "It serves no earthly purpose except to strengthen the monopolies enjoyed in the American market by shutting out all foreign competition."

And again it says: "It is our duty to cheapen trust-made products to the American people by removing the tariff that has grown to be superfluous and permitting such foreign competition as will release the people from the clutches of an American monopoly. Against the argument in favor of the abolition of these schedules which are for the protection of trusts only, Gov. Odell's statements have no force."

Yet in spite of all this good and true doctrine, the Republican leaders, Hanna, Hull, Hopkins, Payne, Grosvenor and the rest of them, including Secretary Shaw, say that this is no time for tariff revision. And Senator Hanna even has the effrontery to say there are no monopolies, except such as are protected by patents!

Meeting of Sunday School Workers.

A very important meeting of all Sunday school officers and teachers and all the ministers of the city will be held at the Christian Church Sunday afternoon, Sept. 14th, at 2:30 o'clock. Pastors and superintendents will please make announcement at morning service. The meeting will last about twenty minutes. All invited. JNO. DULLEY, President Mason County Branch Ky. S. S. Association.

Hard on Ex-Democrats.

[Courier-Journal.]
 It must be very comforting to a number of ex-Democrats in Kentucky and elsewhere to hear a prominent Republican paper say "it has never yet found any place in which the Republicans have taken up a disgruntled Democrat without getting the worst of it."

POYNTZ BROS. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 128 Market street—Watson's old stand.

MANY WOMEN

Are Prejudiced Against a Corset That Sells
 For Less Than \$1,

Considering it too cheap for real merit. Others prefer a very inexpensive corset so renewals will be easy as the most fastidious care cannot long keep a corset in its original freshness. Now a few words of explanation to the former and an interesting announcement to the latter.

We have secured a corset of undoubted merit to sell for 75c. It is a beautiful model, shapely and comfortable.

The material is white Coutil and the stiffening is all done with aluminum to prevent breaking and the possibility of rust. For one week we will sell this admirable corset for 50c. We are losing a little money directly but we are certain to regain it indirectly as the corset is sure to make friends for our house. It is bound to please you, there isn't a weak point in it and its best feature is its marked difference from the ordinary corset sold for 50c.

D. HUNT & SON

MAYSVILLE INTERESTED,

And Should Be Well Represented at the
 Eighth Annual Convention of the
 Ohio Valley Improvement
 Association.

The eighth annual convention of the Ohio Valley Improvement Association will be held in Parkersburg, W. Va., on Tuesday and Wednesday, Nov. 11th and 12th, 1902. The people of Parkersburg are anticipating a large attendance, and the questions involved will justify the presence and active exertions of every man whose interests are wrapped up in the prosperity of the great valley drained by the Ohio river and its tributaries.

The system of improvements contemplated by the United States Government, devised after many years of careful study by the ablest engineers, is one of locks and movable dams, whereby during the season of low water, a continuous stage of water adequate for navigation by coal fleets and packets can be secured in the channel from Pittsburgh to Cairo. This will practically create an inland canal 1,000 miles in length, affording privileges of navigation to the most populous, productive and prosperous valley in the world. The industrial prosperity of Ohio valley is now in a high degree of development, but the stimulus which will be given to that development by affording a continuous water transportation through its center can scarcely be estimated.

This is not an enterprise in which people who live upon the river and who do business in boats are exclusively interested. It touches the future of agriculture, mining, manufacture and general commerce throughout this great valley, and now is the opportune time for the strongest interests to be represented, in a convention which will urge:

FIRST—Immediate completion of the projects already undertaken by the Government, and for which provision has been made by the appropriation of adequate funds.

SECOND—The discussion of the merits and importance of other projects at different points upon the river, for which partial provision has been made by Congress in the way of examination, survey and reports, as to feasibility, advisability and expense of construction.

THIRD—Careful conclusions as to the recommendations which shall be submitted to the next Congress as a basis for the framing of a new Rivers and Harbors bill, which shall provide for early completion of the entire system of locks and dams between Pittsburgh and Cairo.

FOURTH—Such other kindred topics as members of the association and others may present.

This invitation is not confined to those to whom it may be specifically addressed, but is as widely extended as the interests involved can make it. Members of Congress, active or elect, from all the States which border upon the Ohio river or its tributaries, are cordially invited, and assurances of the presence of a number of these gentlemen have already been secured. All officers or engineers in the United States army, who are in charge of any work connected with the Ohio Valley or any of its tributaries, are also cordially invited to be present, participate in discussions, and to furnish such information as may be consistent with their official duties and obligations to the Government. Other gentlemen prominent in commercial, industrial, agricultural, mining or maritime pursuits will be expected to give to the convention the benefit of their opinions and observations.

It is expected that this convention will be the largest and most influential assembly the association has ever held, as the work of the association has now reached a point in importance never before attained.

An Outsider's View on Congressional and Appellate Race.

[Courier-Journal.]
 Mr. H. V. McChesney, candidate for the Democratic nomination for Secretary of State, was a Seelbach's Hotel Wednesday night. "I have just returned from a trip through Bracken and Mason counties," said Mr. McChesney, "and Mr. James N. Kehoe, the Democratic nominee for Congress in the Ninth district, and Judge Thomas H. Paynter, the Democratic nominee for Judge of the Court of Appeals in the Sixth Appellate district, will win by handsome majorities. I believe Mr. Kehoe will get at least 1,500 majority."

SUBSTITUTE FOR STONE.

A Frankfort Man Has a Good Thing in a
 Composition For Building Purposes.

Charles G. Payne, of Frankfort, Ky., who went to Washington six years ago in the capacity of a clerk to former Senator Lindsay, bids fair to realize a fortune out of an imitation substance closely resembling stone, the main ingredient of which is paper, says a dispatch. Experts who have examined it declare it will take the place of tiling of all kinds.

The substance is to be used largely for roofing or flooring. It is applied in a semi-liquid form of any color, and dries in two or three hours, leaving a smooth, shiny surface, more durable than stone. Its weight is little more than white pine, and it can be manufactured 75 per cent. cheaper than tiling. Mr. Payne has been offered several fancy prices for his formula, but will organize his own company.

Notice.

Take stock in Limestone Building Association. Books now open for twenty-seventh series.

Seed rye 70c. bushel. Timothy seed and fertilizer. WINTER & EVERETT.

Other Heads May Ache,

But yours needn't after the hint we give you here.

Chenoweth's Headache Cure Powders always cure headache. They cure any kind of headache. More than that, they relieve sleeplessness, melancholy or dejection. Don't harm you, no matter how long you continue them, as they are entirely free from morphine, opium, antipyrine and other dangerous drugs. Three for 10 cents, twelve for 25 cents.

THOS. J. CHENOWETH,

DRUGGIST,

Cor. Second and Sutton Streets, Maysville, Ky.

To Clean Up Our Shirt Stock...

TO MAKE ROOM FOR FALL PURCHASES,

We will have just one more Shirt Sale next Saturday, 13th. The world renowned Manhattan Shirts are included in this sale. All of our \$1 and \$1.25 Soft Negligee and Dress Shirts go in this sale at 78 cents. Our \$1.50 Manhattan at \$1.10. The \$2 and \$2.50 qualities at \$1.45. None charged or sent on approval.

See our Fall Overcoats at \$6 to \$15. The price as well as the weather is right for them.

Our Juvenile and Boys Suits upon examination will be appreciated. There were never any like them in Maysville. Prices "right."

See our fall line of Hanan and Douglas Shoes. We have all the latest styles these great manufacturers got out for this fall and winter. You know we guarantee every pair we sell.

Having contracted with one of the largest manufacturers of Jeans Pants in the country for an extraordinary large quantity, we are enabled to sell Jeans Pants that ordinarily sell for \$1 and \$1.25 for 88 cents. We want every working man to see them.

D. HECHINGER & CO.,

THE HOME STORE.

Frank & Archdeacon.

UMBRELLAS, a full line. Splendid school Umbrella 50c. HATS, a full line, with the stamp of our approval as well as our name. Prices in \$1 to \$3.

Rain Coats.
 Clothing for Men and Boys.

Frank & Archdeacon.

LOST—Monday morning on Commerce street, a pair of nose glasses, with gold rim. Reward for return of same to MISS BESSIE MARTIN, Forest avenue. 9-3td

Go to the Big Fair!

AT RIPLEY, OHIO,

Sept. 16, 17, 18 and 19.

This fair will be bigger and better than ever. The show track has recently been graded in an up-to-date style and will surely please those having horses to show. Excursion rates on C. and O. railroad. Get ready to attend this great fair "when the band begins to play." Write to or call on L. H. Williams, Secy., for a premium list. dt19

DR. ANNA B. HEWINS,

DENTIST,

No. 321 Limestone Street, Maysville, Ky.

FOUND.

FOUND—This morning on Lexington pike, a small package of goods. Call at the BULLETIN office.

The Ewing fair began yesterday and will close to-morrow.

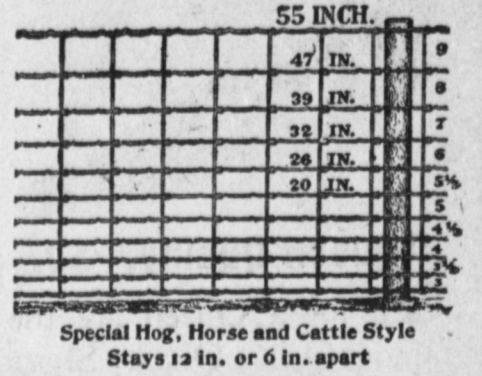

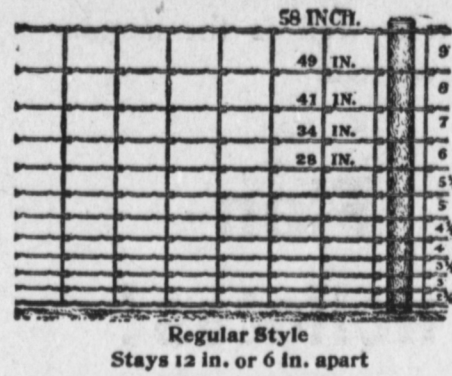

Lillie McClanahan, a notorious character of Vanceburg, has been arrested on a charge of enticing girls under twenty-one to enter a house of ill fame.

Talk About the Best Fence

And you're bound to mention the "American." Its merits have been widely discussed and are familiar to those who have given it a trial. As a stock and all-purpose fence it must be acknowledged that it has no equal in the world. Made of large, strong, high-grade steel wires, heavily galvanized. Amply provides for expansion and contraction. Is practically everlasting and never goes wrong, no matter how great a strain is put on it. Will not mutilate, but does efficiently turn cattle, horses, hogs and pigs. Used as a division fence in towns or cities, the "American" is handsome, efficient and inexpensive. Every rod guaranteed by the manufacturer and by us. Call and see it. Can show you how it will save you money and fence your fields so they will stay fenced. All widths in stock and for sale only by

Frank Owens Hardware Company.

River News.

The Kanawha went to the bank at Pt. Pleasant.
The Lizzie Bay is making daily trips now in the Maysville-Cincinnati trade.
The Helen M. Gould will make three trips a week between Manchester and Cincinnati until further notice, leaving Manchester at 10 a. m. Mondays, Wednesdays and Fridays, and Cincinnati Tuesdays, Thursdays and Saturdays at 2 p. m. She will resume her trips in the Portsmouth trade as soon as the water will permit.
—Mr. Benson Orr is in Lexington.

PITHY POINTS.

Fugitive Taylor still has a "hip pocket" from late accounts.
A church court is hardly the proper place to "air dirty linen."
Taylor was ejected here and threatened with ejection at Indianapolis, it appears.
Taylor has had to be "called down" so often that it's no new fangled thing with him.
Taylor doubtless wasn't expecting "ejection" cases, in which he would figure, to come up in Indiana.
Taylor, it seems, is assuming all the rights of citizenship at Indianapolis, which means that he isn't coming back to Kentucky in a hurry.
It may be that that car conductor wasn't aware that he was dealing with a fugitive from justice, else he might have met him on his own terms.
W. S. Taylor did himself nearly as much honor in that street car escapade at the capital of Indiana as he achieved for himself at Kentucky's capital.
Taylor ought to be used to subsidizing by this time—the accounts saying that he "subsided" when he was threatened with ejection from the street car unless he paid his fare.
It's hardly the custom with Presbyterian elders to be adorned with "hip pockets;" yet we hear that Taylor reached for his hip when he was about to be ejected from the car at Indianapolis.
"Quick lunch" is one of the commonest of the city signs. The sign doesn't say "a healthy lunch of good food—the character of the food apparently is not considered. It's just a quick lunch—eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloppy, indigestible and innutritious food, very often, and the stomach has to do the best it can. Normally there should be no need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. It is the one medicine which can be relied on to cure diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all. It is a medicine designed for the stomach, and to cure through the stomach remote diseases which have their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.
Services at the Central Presbyterian Church next Sunday morning and evening, conducted by Rev. Maurice Waller, D. D.
